

REMARKS

The specification has been amended on page 1 to provide a cross-reference to related applications. As this previously appeared on the Abstract page, no new matter has been introduced, and the entry of this is warranted at this time.

Also, the Abstract has now been prepared on a separate page that is attached hereto.

Date: _____

10/18/04

Respectfully submitted,

Allan A. Fanucci (Reg. No. 30,256)
